<http://purchasing.utah.gov/contract/documents/solesourcerequestform.doc>

This flow chart is for information purposes only. Refer to Purchasing Website at [www.purchasing.utah.gov](http://www.purchasing.utah.gov) for more detailed information or telephone the Division at 801-538-3026.

# WELCOME

Utah Correctional Industries

## OUR MISSION

The Mission of Utah Correctional Industries (UCI) is to increase public safety by preparing offenders to return to society as employable, law-abiding citizens. We do this by providing job skills training opportunities to inmates and replicating real-world work environments inside the prisons and jails. Besides the clerks who work in many of the operations, including marketing, customer service and finance, UCI operates a number of businesses, which includes Seating & Upholstery. These businesses are located inside and outside the prison fences. Industries programs provide opportunities for inmates to learn to be accountable for their actions in a work environment that parallels the real world.

Throughout its history, UCI has been an essential element of the Department of Corrections' mission of assuring public safety by having offenders leave the correctional system able to lead lives as law-abiding citizens. By serving as a correctional management tool, UCI productively occupies inmates, thereby relieving idleness in our institutions and ensuring the orderly operation of our prisons. The opportunity to work for UCI and the desire to retain the pay and stability that UCI affords are effective motivators for improving inmate behavior.

Over 90% of the inmates we deal with daily will return to society. Our mission is to make sure that as many as possible never return to prison. You can support us in these efforts by purchasing UCI goods and services.

## THE STATE USE LAW

### **63G6423. Purchase of prison industry goods.**

(1) All public procurement units shall purchase goods and services produced by the Utah Correctional Industries Division as provided by this section, which is an exemption from this chapter. All political subdivisions of the state may purchase these goods and services and are encouraged to do so when feasible.

(2) By July 1 of each year, the director of the Utah Correctional Industries shall publish and distribute to all state agencies and interested political subdivisions a catalog of goods and services provided by the Correctional Industries Division. The catalog shall include a description and price of each item offered for sale. The catalog shall be updated and revised during the year as the director considers necessary.

(3) (a) State departments, agencies, and institutions may not purchase any goods or services provided by the Correctional Industries Division from any other source unless it has been determined in writing by the director of Correctional Industries and the state procurement officer or in the case of institutions of higher education, the institutional procurement officer, that purchase from the Correctional Industries Division is not feasible due to one of the following circumstances:

(i) the good or service offered by the division does not meet the reasonable requirements of the purchasing agency;

(ii) the good or service cannot be supplied within a reasonable time by the division; or

(iii) the cost of the good or service, including basic price, transportation costs, and other expenses of acquisition, is not competitive with the cost of procuring the item from another source.

(b) In cases of disagreement, the decision may be appealed to a board consisting of the director of the Department of Corrections, the director of Administrative Services, and a neutral third party agreed upon by the other two members or, in the case of institutions of higher education, the president of the involved institution shall make the final decision.

Below are some of the basic seating adjustments available on many of our selections.

# Task Seating

## Comfortable

### Seating shaped for you

Imagine a chair designed for your maximum comfort—fitted to your body at a price that fits as well. We not only imagined it, but gave it form in our Viper Chair.

Clean. Sharp. Simple. The Viper Chair celebrates the individual, following the lines and shapes of your body. These ergonomic roots are matched by aesthetics that make the Viper Chair, in one word, exceptional.

The Viper is the Valo philosophy come to life—style, comfort and value intricately woven to create seating furniture that works for you.

*Viper  
without Headrest*  
**\$399**

*Viper  
with Head Rest* **\$434**

#### **Mesh Back**

Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.

#### **Fully Adjustable Arms**

Armrests with soft arm pads can be adjusted into a number of heights.

#### **Adjustable Lumbar Support**

The lumbar support allows for easy adjustment according to your comfort and is visually concealed to give the chair a clean, simple, modern look.

#### **Adjustable Back**

The backrest angle and tension can be adjusted for your comfort—and to reduce stress on the body.

#### **Upholstered Seat**

Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.

# Breathe Seating

*Task Chair*  
**\$299**

*Task Chair  
w/ Headrest*  
**\$340**

# Breathe Seating

Today's fast-paced office is the perfect place for contemporary style and unmatched comfort of Breathe Mesh Seating. Breathe's double layer of mesh offers superior support and 'breathe'-ability. Comfort is enhanced by soft, padded arms, adjustable lumbar support and a synchronized tilt mechanism. Breathe's family includes a sled base chair, options with and without arms as well as a headrest option. The sleek, stylish, ergonomically designed Breathe Chair—benefits you can afford.

***Sled Base Side Chair***  
**\$259**

***Sled Base Side Chair  
w/Headrest (Not Pictured)***  
**\$284**

The headrest can be positioned and adjusted to offer all users optimum comfort

The adjustable lumbar can be adjusted by reaching back and moving it to the desired position.

Breathe Jr. now available as a smaller version of the original Breathe. Breathe Jr. offers smaller seat base and back.

***Breathe Jr. Task Chair  
w/Arms***  
**\$199**

# Vata Seating

Vata Task Chair  
w/ UPH Backboard  
& Headrest  
\$450

Vata seating offers both upholstered and mesh back options. Upholstered back can be easily removed via 10 fasteners. Switch between the upholstered back for those cold winter days and the mesh for hot summer days.

Vata Task Chair  
w/ UPH Backboard  
\$425

Height-adjustable T-arms with pivoting arm caps provide maximum customization. Seat depth adjustment allows user to position the seat to fit his or her body.

## Upholstered

Vata's holistic approach to comfort has standardized some of the features competing chairs consider "options". There is only one arm style available on Vata - pivoting height - adjustable T-arm. The dual controls of the arms position tactile self-skinning urethane armrests at the optimal angle and height. Similarly, the standard lumbar pillow can be infinitely adjusted vertically and horizontally for individualized lower-back support. Not only does each component of the chair comfort your body, because they can all be customized individually, they work together to provide total ergonomic support.

Two of the options that are available for Vata help you create a space that pleases the eye as much as it does the rest of the body. The poly mesh back that gives the chair its extraordinary modern aesthetic can be completely transformed by adding an optional upholstered back. With all of the adjustability, comfort, and support of its modern sibling, Vata's upholstered back allows it to coordinate with more traditional furniture and decor. For the complete executive treatment, an upholstered adjustable headrest can also be added. With its mix of time-tested and innovative features, Vata doesn't just raise the bar for task seating, it takes it to whole new heights.

The optional adjustable headrest creates an executive seating experience.

Vata's synchronous mechanism allows the seat and back to recline in harmony. The side tilt-tension handle allows users the ability to adjust recline tension to their preference.

# Vata Seating

Vata  
w/ Headrest  
\$400

Vata Task Chair  
\$375

The external lumbar support can easily be adjusted vertically and horizontally. The lower back angle also adjusts in and out by using the side knobs to achieve personalized lower back comfort.

A contoured foam seat with waterfall edge is designed to reduce fatigue while seated for long periods of time.

Adjusting the maximum angle that the back will recline in the free-floating position is easy with the unique three-position back-recline limiter.

The 5-star base and dual-wheel casters are ultra-stable, durable, and understated in black nylon.

## Poly Mesh

va-ta (VAY-ta) n. 1. In ayurvedic medicine, one of the three humors of doshas that determine a person's temperament - made up of air or ether and active in bodily movements  
2. Ergonomic task seating line that cushions and supports weightlessly

Living up to its Sanskrit name, the Vata seating line transcends the ordinary for task-intensive applications. The hallmark of the seating design is the striking poly mesh back that provides flexible support and optimum airflow for thermal comfort. Comfort springs from even the most subtle details, like the contoured foam seat with waterfall edge, indicating its presence at core of the design.

With unique features that allow the user to fully customize their experience, Vata soothes both mind and body. In addition to the typical seat height and depth adjustability, Vata task chairs have a 4-position back lock, and a 3-position back-recline limiter. For those preferring a fixed back position the back lock sets the angle of recline, while those who prefer to "free-float" can use the back-recline limiter to set the maximum angle the back will be allowed to recline. Additionally the tilt-tension adjustment ensures that each user can customize the chair's responsiveness to meet their expectations.

# Ithaca ULTRA Seating

***High-Back with T-Arms***  
**\$395**

***High-Back with  
Headrest & T-Arms***

*(See cover for picture)*

**\$433**

Since its introduction, the Ithaca Seating Line has been providing the comfort and adjustability of premium seating without the premium price tag. The Ithaca Ultra gives this tradition a modern twist by adding a mesh back to the upholstered seat. Not only does this mesh give the chair a new look, it adds a new dimension in comfort – the unsurpassed breathability and support of a material that conforms perfectly to your body.

In the true spirit of a hybrid, the Ithaca Ultra has retained many of the features that made the original a hit, including the molded foam seat that provides all day support without fatigue. The seat height and depth controls continue to put an executive ergonomic experience within easy reach. For executive luxury, the fluid movement of the syncrotilt mechanism is unchanged as well.

The optional, plush molded foam headrest attachment adjusts for personalized comfort.

# Ithaca ULTRA Seating

**Mid-Back  
w/Loop Arms  
\$325**

The back height of the task chair can easily be adjusted from a seated position by sliding it along its tracks.

Changes in the seat depth are made possible by a lever conveniently located beneath the seat.

Locking the back and seat in any of several angles is as easy as pushing in the locking lever. To free-float, just pull it out.

A tilt tension knob means that every user can adjust the chair to respond to their reclining cues.

**Sled  
\$199**

**Stool  
\$425**

**Memory Foam Add  
\$50.00**

# Polo Versatile Seating

## for here, there and everywhere

How best to describe a chair that makes seating what it should be—simple? A chair that works in your office, conference room, or in that small space you call a huddle room. Polo has the appealing looks and comfort features you expect from a more expensive chair?

**Polo Stool**  
**\$410**

Polo is the chair that's simply resourceful, fitting different people, different needs, and even different rooms. Polo is available as a chair—with or without a headrest, and as an adjustable stool. All affordably priced to fit your budget. And it's made by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

**Polo**  
**\$350**

**VALO**<sup>®</sup>

**Polo with Headrest**  
**\$400**

### Mesh Back

Mesh material allows for ventilation and the dissipation of body heat. Contoured back allows for natural seating position.

### Lumbar Support with EZ Adjust Knob

Allows for easy adjustment of the lumbar support in depth to support the lumbar of each and every individual.

### Upholstered Seat

Soft and plush, the comfortable seat lets you sit for longer hours. The waterfall front edge of the seat helps reduce stress to your legs.

### Fully Adjustable Arms and Back

Infinite number of adjustable locking positions of the back angle for comfort which reduces stress on the body. Soft-padded armrests rotate, adjust in height and width, and lock easily into position.

# Luxo Seating

## Luxo Leather Strong

When you first see the Luxo, you'll notice its obvious good looks—the professional styling and appealing profile. And then you sit in it. You feel how soft it is. Supple. It's not just comfortable. It is luxurious. Like leather, but much more durable and affordable.

We call it LeatherSoftupholstery, a revolutionary new material that gives you the elegance and feel of leather, without the cost and maintenance. Woven together with the smooth action seat mechanism and the 3 point pivot arms the comfort experience is unparalleled. It's another innovation brought to you by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

\$399

VALO®

### LeatherSoft

This luxurious upholstery is softer and more durable than leather, and requires less maintenance.

### Contoured Back

Provides the ultimate in lumbar and back support.

### Molded Seat with Waterfall Front

The molded seat includes a knee-tilt mechanism, ensuring all-day seating comfort and allowing your feet to remain on the floor even as you recline. The waterfall front edge reduces leg pressure.

### Arms of Steel

The steel arms have a 3 point pivot action for ideal arm support no matter what position the seat is in; the soft polyurethane arm pads ensure arm comfort while protecting the chair and table when not in use.

# Consult Seating

**High-Back w/Knee-Tilt  
Beveled Edge Wood Overlay Base  
\$650**

The Consult™ Executive line provides you with a finely sculpted, tailored piece of furniture and allowing you to choose the options that make it a perfect fit.

The Consult Executive Chair is available as a 45" high back or a 38" low back version with your choice of upholstery options. In keeping with the Consult family, coordinating fabric panels can be used on the arms and back for greater visual impact, and the back can be tufted by an upholstered or wooden button if desired.

Even the five-star base of the chair can be customized to suit your style. It is available in durable fiberglass-reinforced nylon, sleekly modern polished aluminum or warm, traditional stained wood. The wood option can be further specified with a beveled or rounded edge.

Upholstery with a contrasting fabric accentuates the chair's tailoring and allows it to coordinate more easily with the rest of the space.

The tension knob allows you to personalize the reclining resistance of the chair.

The fully upholstered back curves gently to give ergonomic support with out compromising style.

**Low-Back w/Knee-Tilt  
Rounded Edge Wood Overlay Base  
\$625**

The rounded wooden base cap is available in different color options to match existing furniture and unify the look of the office.

# Pride Seating

***Pride without Arms***  
**\$300**

**Pride.** A pioneer in ergonomic seating, **Pride** fits into most budgets and still manages to offer the full range of adjustments one would expect from a state-of-the-art task/desk chair.

The seat height easily adjusts from 16" to 20.75", which meets ANSI 100 standards, and seat depth is also adjustable to accommodate users of all shapes and sizes. With the adjustable back height, users can quickly find the optimum lumbar support for their individual frames.

The seat also features a variable position seat slide lock to maintain peak comfort in any position the user chooses.

With two arm styles—fixed or height adjustable with pivoting armrests—and the standard forward seat tilt, **Pride** can be configured to meet a wide array of working positions. For more work-intensive postures, the forward tilting seat lock allows for increased comfort and unrestricted circulation. By adding the adjustable arms, **Pride** helps reduce the

strain of key stroking and the continuous use of a mouse.

Beyond the comfort of the chair's many features, the **Pride** takes advantage of an understated, elegant design that fits any working environment. Available in black or warm grey, the **Pride** blends into any color scheme.

For a more functional workplace, the back is offered with a durable poly back panel. Otherwise, the fully upholstered back gives the chair a more formal look normally associated with higher end furnishings.

***Memory Foam***  
***Add \$50***

Back angle adjustment allows the backrest to adjust 6 degrees forward and 10 degrees backward for a perfect fit.

The tilt tension knob allows seat tension adjustment to meet any individual's needs.

Pride has a seat slide feature with a 5 position lock-out. Adjusts from 16" to 19". Great adjustment feature for every end user.

***Pride w/Fixed Arms***  
**\$387**

***(Not Pictured)***  
***Pride w/Adjustable***  
***Height T-Arms***  
**\$400**

***Pride w/Upholstered Back & Pivoting Arms***  
**\$420**

# Ithaca Seating

***Ithaca Task Chair***  
**\$330**

Incredible form, foam and function - that's what Ithaca Seating is all about. Ithaca's seat cushion contours to mirror your body and sits like a dream. You won't have to sacrifice comfort and styling for a value-priced chair.

Ithaca offers more big-ticket features for less money. From the smooth synchrotilt mechanism, back height adjustability, back lock, optional seat depth - plus many more - the comforts keep coming on this mid-market priced chair.

***Ithaca Stool***  
**\$380**

***Memory Foam Add***  
**\$50**

*Drafting Stool  
w/Adjustable  
T-Arms  
\$295*

Comfort and contemporary design come together to create the Sterling 2 Executive High-Back chair.

The chair features a poly or upholstered back, multiple seat adjustments and the ergonomic advantages you would expect in executive-level seating.

The advanced mechanical adjustments allow the user to set seat pitch, back height and depth, and arm height and width adjustments for the ultimate in support and comfort. The chair is equipped with standard knee-tilt, Intensive Use heavy-duty knee-tilt, or SynchroRevo tilt mechanisms that allow the chair to move and fit the natural body mechanics of the user, delivering support through the user's full range of motion.

The Sterling 2 Sled Base and 4-Leg Chairs are the perfect compliment to Sterling 2 managerial seating. They are the ideal seating option for conference rooms, reception areas, cafeterias and a wide variety of meeting and presentation facilities.

# Pilot Big & Tall, 24/7 Seating

Everybody is different. Look around you. Your office isn't filled with carbon copies of the "average employee". It's filled with people—people of every shape and size who sometimes don't seem to have anything in common, except their office furniture. Maybe that's the problem.

You don't just need a task chair the "average employee" will be comfortable in, you need a task chair YOU will be comfortable in. If you have found that other chairs just don't measure up, Pilot is ready to welcome you aboard.

Big and tall users will appreciate Pilots

**Pilot w/Breakaway T-Arms**  
\$699

expansive 24" wide seat, which features a waterfall edge to relieve pressure on the thighs, and high back that provides gentle support to the entire spine. To prevent further fatigue, 3<sup>3/4</sup>" of plush, resilient foam envelop both the seat and back.

Because it was designed for round-the-clock use, Pilot won't just be comfortable the first time you use it, it will be comfortable every time. A heavy-duty including an oversized steel J-bar and reinforced mechanism guarantee it.

***\*Designed specifically for use in Police, Fire, EMS, Dispatch, and Correctional Facility Settings.***

Back angle adjustment allows the user to adjust seat and back angle to desired position.

**Pilot w/Adjustable Loop Arms**  
\$599

Adjustable loop arms can be adjusted 2.5" in height for maximum comfort.

For greater accessibility and room, break-away T-arms lift and drop back out of the way.

**Pilot w/Fixed Loop**  
**Loop \$599**

Fixed loop arms give Pilot a traditional task chair look and feel.

The seat slide function allows the user to move the seat depth to a comfortable position.

**Pilot w/Adjustable T-Arms**  
\$599

Urethane T-arms can be adjusted 2.5" in height for maximum comfort.

# Outfit Seating

*Conference Chair*  
\$285

## Conference Chair

Outfit Conference Chairs are designed to keep you focused on the presentation. A contoured foam back and seat provide lumbar support and ensure even weight distribution, while the height adjustable seat and waterfall edge relieve pressure on the thighs and knees. For even greater comfort, kick back—a locking swivel tilt mechanism allows you to recline.

Pneumatic cylinders allow seat-height adjustments on Executive High-Back, Managerial Mid-Back, Task Chairs, Stools, and Conference Chairs.

Add fully adjustable T-arms to the Task Chair for customized comfort.

Back height adjustments on the Executive High-Back, Managerial Mid-Back, Task Chairs, and Stools can be made with one hand from a seated position.

The mechanism's free-float function on the Executive High-Back, Managerial Mid-Back, Task Chair, Conference Chair, and Stool allows you to recline.

The ergonomic seat handle is built-in to the chair's backrest to allow the user to easily lift or move the chair. It can even be used as a book bag hanger.

**Optional Book Box**  
\$ 19  
**(Optional Mouse Tray Not Pictured)**  
\$ 9

Sit comfortably for longer periods. FaceTime seats help circulation by reducing the pressure under your thighs. Chairs and desks can stack for easy storage.

Pencil grooves are recessed on both sides of the worksurface to maximize valuable desktop space. No matter how many books you move, writing tools stay put.

The double entry desk with laminate top can be ordered with the optional book basket.

FaceTime Classroom Furniture is a new kind of furniture whose focus is in improving the look and performance of today's educational facilities through creativity and comfort.

The design is bold and clean, but incredibly ergonomic, so students can listen and work comfortably for longer periods of time. Yet, it is unusually light and easy to move. In fact, it's stackable. Adaptable. Mix-and-matchable. There's nothing

else like FaceTime furniture in the classroom today.

Use as a personal study area, a computer workstation or a collaborative work environment. FaceTime's adjacent surfaces create unbroken work areas.

FaceTime chairs, desks and two-student tables come in four heights to support everyone from preschoolers to adults. Explore all the design options FaceTime has to offer.

# Advise Seating

**\$175**

The Advise Seating sled base side chair is perfect for any lobby, entryway or waiting room. Offering aesthetic appeal --with a black tubular frame, black urethane arms and a black urethane textured back, it

is conventional enough to fit into any setting. And with various fabric colors from which to choose, it is also attractive enough fit into any setting. The Advise Seating's generous 19<sup>7/8</sup>" wide by 20" deep seat offers more cushion and comfort than standard plastic stacking chairs. The luxurious contoured cushioning is a feature that will be especially appreciated when meetings or the wait goes on longer than normal.

Advise Seating is also strong and durable. Built with solid framing and uncompromising quality, it can handle all shapes and sizes that may occupy it. It's an exceptional chair for high traffic waiting areas where people come and go all hours of the day.

Stainless steel, black PVC, Clear polycarbonate, ganging polycarbonate and ganging stainless steel glide options are available.

PRICES SUBJECT TO CHANGE!

Extra wide seat area (19<sup>7/8</sup>" ), extra seat depth (10") and extra deep cushioning for superior comfort.

Advise offers a black, textured, urethane back shroud for added strength and support.

Preformed, full-length polyurethane arm pads provide a soft yet stable base for arms and elbows.

Made of 18 gauge tubing, the sleek and durable black powder-coated tubular sled base frame can withstand years of use.

# Sophic Guest Seating

**Sophic Chair**  
**\$370**

Durability, comfort and elegance come together harmoniously in the form of the Sophic™ Guest Chair. The elegant contours and transitional styling, as well as the long lasting comfort, make Sophic the ideal guest chair to add luxury and class to any waiting area, lobby or office.

The graceful wood frame, open arms and upholstered seat and back provide luxurious comfort. The gently curved, fully upholstered

back lends grace and a modern look to the chair. With 19" wide seat, Sophic can easily accommodate guests of all shapes and sizes.

Meticulously crafted and built with an uncompromising attention to detail, Sophic offers a rounded contemporary arm style. It is sure to complement any furniture already in your organization.

Sophic seating.  
A new level of sophistication.

Seats are generously cushioned and padded for extra comfort through the use of webbing and foam.

Sophic offers graceful, contoured, open wood arms.

Fully-upholstered back features a gentle curve.

Elegantly tapered wooden legs are a feature of the Beech hardwood frame.

# Consult Seating

**Consult Chair w/Glides**  
**\$395**

friction points mean less wear on both the wood and fabric components of the furniture. The tapered leg virtually eliminates the occurrence of dents and dings while guiding the chairs into a natural stacked position—up to 4 high.

Good design and quality materials mean that Consult Guest Seating will always stack up favorably against the competition.

The options on the Consult Guest Chair extend beyond pure aesthetics. Locking casters can be specified to maximize the mobility and versatility of the piece and lend a casual modern cue. For a bit more formality in less dynamic settings, poly glides are a perfect choice.

You will be pleased to find that Consult Guest Seating with the glide option was thoughtfully designed for stacking. Minimal-contact flush

**Consult Chair w/Casters**  
**\$430**

A button covered in coordinating fabric accentuates the chair's double-stitched seams.

The fully upholstered back is sculpted with two sweeping curves that emphasize the tufting of its front side.

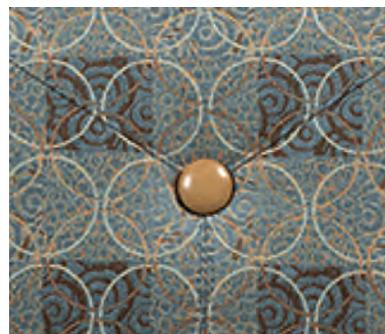

The finely tailored upholstery of the chair back lends it a finished look even without the accent button.

Upholstered seat and back pads can be easily replaced or reupholstered by removing the fasteners.

Wheel options include locking casters or poly glides.

Use of a wood button brings the color of the stained arms to the center of attention.

# Richwood Bankers Chair

For an upscale, yet traditional and professional image, choose the true classic styling and comfort of the Banker's Chair. This chair is ideal for private office, lobby areas and conference room applications.

The Banker's Chair also offers traditional quality, with features such as solid hardwood frame with web suspension seat and hand applied nail trim. The chair back is fully upholstered for a quality fit and finish from any angle.

## Features:

<i>All Wood Armless</i>	<i>\$250</i>	<i>\$330</i>

# Guide Seating

**Guide Chair**  
**\$385**

Gentility meets high performance in this classical European-styled wood frame guest chair. The Guide™ Guest Chair's light and graceful lines lend elegance and old-world charm to any environment.

The deep cushioned seat and gently contoured back provide comfort and support, while the wooden frame offers durability and timeless appeal. Luxury

takes on new meaning with the Guide chair's generous dimensions. With seats measuring 19<sup>3/4</sup>" wide & 18<sup>1/2</sup>" deep, it will provide guests of varying shapes and sizes with roomy comfort.

The classically crafted wooden frame features open arms and tapered legs.

Guide Guest Seating. Your guide to great style and comfort.

Guide's beautiful wood-framed back is fully upholstered in a wide range of fabrics.

Graceful, contoured open wood arms blend beauty with ergonomics.

Elegantly crafted frame of Beech hardwood features tapered legs.

Generous sized seat and back are amply cushioned and padded for supreme comfort through the use of webbing and foam.

Inside Dimensions: 16<sup>7/8</sup>"h x 22<sup>7/8</sup>"d  
Arm Height: 8<sup>1/4</sup>"

Contemporary styled lounge seating. The culmination of form and function, available in three sizes:

Chair, Loveseat and Sofa. Strong architectural presence with subtle Art Deco influence combines comfort and great durability. Generously oversized proportions, plus an incredibly strong, integrated design for durability. The end panels combine arm and leg structures with soft, flexible foam molded over structural urethane, which is the most comfortable foam available. End panels are through-bolted to a heavy plywood main seat and back frame, the most durable frame available. Webbed seat and back suspension for the maximum of comfort and durability.

**Features:**

- \* High resilience foam.
- \* Waterfall seat.
- \* Seat & back comfort suspension.
- \* Passive Lumbar
- \* Style: Office Lounge
- \* California Fire Code #117 & ANSI/BIFMA

Arm Height: 8<sup>1/4</sup>"

# Consult

**Lounge**  
**\$580**

Wherever you elect to use Consult Lounge furniture you can be sure that you'll have comfortable seating for years. The core of Consult is a hardwood frame and steel innerspring surrounded by multiple layers of contoured foam. Durable high density foam is used to sculpt each piece and maintain its shape impeccably between uses, while a lower density foam overlay provides plush comfort.

Comfort isn't just a result of composition with Consult—it was at the forefront of the entire design. With its generous 21<sup>1/2</sup>" x 20<sup>1/2</sup>" chair seat, this furniture accommodates everyone who is tempted by its clean lines, and with lines like these who wouldn't be tempted?

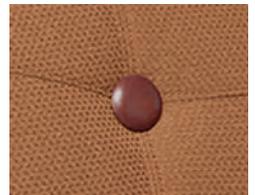

**Loveseat**  
**\$750**

**Sofa**  
**\$910**

A button covered in contrasting fabric draws the eye to the tufted back of the lounge seating.

A wood button on solid fabric makes the stain of the matching wooden feet an accent color.

Covering the front of the sofa's arm in a coordinating fabric emphasizes its shape.

Every angle of this chair showcases its sculpted curves and precise stitching.

Double-stitching at every seam provides the tailored look that is Consult's hallmark.

Deep bench seating is as plush as it looks and spacious enough to accommodate any user.

Tapered Beechwood legs are available in different color options to coordinate with existing furniture.

# Richwood Queen English

The Queen English series is traditionally styled wing back guest seating with button tufted upholstery.

Available as a guest chair, love seat, or sofa, these are graceful, generously proportioned chairs - with great presence and quality detailing such as brass upholstery tacks and Chippendale Legs.

Not all chairs are available in all woods or stains. Different wood species offer different textures and grains. Minor variations in finish color and value may occur due to the natural characteristics of wood. UCI uses only the highest quality furniture grade stains and finishes in its producing seating. UCI carefully selects all materials used in every product ensuring a commercially acceptable color and finish; however, it is possible for light and time to alter the color of wood and stain. The stains represented on this sample sheet are similar to the actual product. If you want to see examples of finished seating or if you have questions about matching finishes to your existing furniture call (801) 576-7700.
